

# SAN JOSÉ STATE UNIVERSITY

Dear Spartans,

Kindly be reminded that the [Learning Space Upgrade and Academic Technology Strategy \(LSUATS\)](#) town hall is tomorrow! Our university will be assessing and developing a plan to upgrade our classrooms and future-proof our technology. It all starts with a 10-week project to conduct a thorough current state assessment, develop a strategic vision and plan for the future, and create a multi-year implementation roadmap. Deloitte, our partners on this project, are hosting a town hall for the entire campus community to engage, learn, and provide feedback and suggestions.

Campus engagement is critical to the long-term success of LSUATS. Please join us tomorrow to tell us what is important to you and learn how we'll be moving forward. Deloitte will be seeking your feedback throughout the presentation, conducting a survey and hosting a dedicated Q&A session. Please bring any questions or input you may have. Our [anonymous form](#) for submitting questions in advance is still live as well.
