

MASTER OF SCIENCE (M.S.) KINESIOLOGY

Earn your Master of Science in Kinesiology from San José State University!

Our Master of Science in Kinesiology program, and its five specializations, positions students for success in future careers, within academia, or to advance in their current employment. Students are supported and encouraged to explore their areas of interest within Kinesiology.

HIGHLIGHTS

- Learn and apply knowledge in the center of Silicon Valley and the Bay Area.
- Study with internationally recognized and published Professors.
- Complete student developed, goal-focused, programs of study.

WHY EARN AN M.S. IN KINESIOLOGY AT SJSU

- Choose from five newly developed M.S. specializations.
- Turn your passions into a graduate program of study.
- Prepare for your future career or academic endeavors.
- Work with faculty in a supportive and encouraging interdisciplinary learning environment.

The Department of Kinesiology began as the first public system of physical activity in higher education in the West. We prepare students for careers in strength and conditioning, sport management, adapted physical activity, cardiac rehabilitation, physical therapy, exercise physiology, coaching, sport psychology, and others.

PROGRAM ENTRY REQUIREMENTS

- 3.0 GPA in last 60 semester units, (2.75 and above considered).
- Two letters of recommendation
- Statement of purpose.
- BA/BS in Kinesiology not required.

SPECIALIZATIONS

- Exercise Physiology
- Movement Science
- Psychosocial Aspects of Sport and Physical Activity
- Sport Management
- Individualized (Program of study developed with academic advisor)

PROGRAM NOTES

- 30 total units
- Typically completed in 3 to 4 semesters
- Thesis or Project culminating activity

My experience in the Sport Management program at San José State University is everything I wanted it to be and more. The faculty truly care about the students and do an incredible job developing students through a combination of theoretical and practical learning.

- Ivanna Anderson-Villela, '24 (below, right)

“The Graduate Program at San Jose State University is where you can expect to find nothing short of unflagging support and dedication from faculty in pursuit of your chosen end goal.

I can happily say that I achieved that goal with admission into West Virginia University’s Sport, Exercise, and Performance Psychology Ph.D. program. If jumping into the field of sport psychology or sport sociology is where your interest lies, you would be extremely well advised to consider this program!

-Matt Gonzalez, 2017 (above, left)
