1. Laptop/desktop/tablet computer, and Internet access. SJSU has a free equipment loan program for students: <https://www.sjsu.edu/learnanywhere/equipment/index.php>.
2. Access to Google documents, sheets, & slides or to Microsoft Word, Excel, & PowerPoint or to Apple Pages, Numbers, & Keynote. **NOTE:** SJSU students can utilize Microsoft Word, Excel, and PowerPoint online for free (see <https://www.sjsu.edu/it/services/collaboration/software/instructions.php>).

Office Hours

I expect you to have a specific agenda (e.g., discuss accommodations) and/or questions about our Psyc 121B course ready before you visit office hours. Please email me at patrick.cravalho@sjsu.edu to let me know why you want to come to office hours, so I can prepare for your visit.

Email Communication

All email communications to me need to be sent to patrick.cravalho@sjsu.edu and include “Psyc 121B” in the subject line. **Please DO NOT message me through Canvas.** As a rule of thumb, write separate emails for communicating different topics, rather than writing about multiple topics in one email. This helps me to not miss reading/replying to important information that you share with me.

Checking your SJSU email regularly

If I need to contact you or send you feedback on an assignment, but I have not received any prior email communication from another one of your email accounts, I will contact you via your sjsu.edu email address. Therefore, you need to regularly check your sjsu.edu email address.

Checking Canvas regularly

I will regularly post materials, information, etc. on the following links on our Psyc 121B Canvas webpage: Announcements, Assignments, Files, and Grades. Therefore, you need to regularly check our Psyc 121B Canvas webpage (all of the links listed above are on the left side of our Psyc 121B Canvas webpage).

Classroom Protocol

It is university policy F69-24 (<http://www.sjsu.edu/senate/docs/F69-24.pdf>) that students should attend all meetings of their classes. Arrive to class on time. Arriving late disrupts other students and interferes with the continuity of the lectures and class activities. If for any reason you cannot avoid being late, please enter the class through the least noticeable door and take a seat quietly. Do not start a conversation to catch up on information you missed or expect information you missed to be repeated. Leaving early is equally disruptive. However, if you must, please leave through the least noticeable door. If you miss a class, you are responsible for contacting your instructor to inquire about the information you missed from that class. Food and drinks are permitted during class, but you must be sure that your space is clean when you leave the classroom.

Your attention is expected during class. Therefore, phones, music players, etc. are not allowed to be used during class (i.e., all devices should be put away and set to not make any noise) so that one stays focused on our class discussions. If you are using your phone or another device during class, you may be asked to put it away. If you are using your phone or another device repeatedly after being asked to put it away, you may be asked to leave. In addition, do not sleep, carry on conversations, or work on course material (including studying or reading for other classes) during class. These rules are not only so you will not distract yourself, but also so you will not distract your classmates or your instructor. Be polite and respectful to your classmates and to your instructor.

Laptops/Tablets

In-person class laptop/tablet use is allowed, but you must first talk to your instructor to get permission to use your laptop/tablet. Students using laptops/tablets will be asked to sit in the back or the side of the classroom. Allowed laptop use will be restricted to note-taking. One shall never connect to the internet and use class time to check email, visit social networking sites, surf the web, work on other coursework, etc. If you are seen engaging in any other activity other than note-taking, your laptop/tablet privileges will be revoked for the remainder of the semester.

Diversity Statement

We will create a safe and diversity-sensitive learning environment that respects the rights, dignity, and welfare of all students, faculty, and staff. Diversity means the fair representation of all groups, the inclusion of minority perspectives and voices, and appreciation of different cultural and socioeconomic group practices. I aspire to foster and maintain an atmosphere that is free from discrimination, harassment, exploitation, or intimidation.

Student Athletes

If you are a student athlete, please inform me at the beginning of the semester of any team obligations. If there are any conflicts between your obligations and class participation/assignment, we may need to figure out alternative arrangements for you to participate or complete an assignment.

Course Requirements and Assignments

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practice. Other course structures will have equivalent workload expectations as described in the syllabus. More details about student workload can be found in [University Policy S16-9](#).

Research Proposal (RP) Assignments

Initial Proposal

You will submit a brief document that will help guide all of the following research proposal assignments. This document will include a topic in cognition/perception that interests you, a research problem and a research question that are related to each other, and keywords to aid your initial research literature search. This assignment is worth five points. You will receive feedback from the instructor on your initial proposal.

Literature Review Spreadsheet

You will read and summarize 20 empirical research articles via a spreadsheet. We will discuss research problems, research questions, testable hypotheses, and gaps in the literature in class as you work on your literature review, as these concepts will shape your review and the following research proposal assignments. An example literature review spreadsheet will be shared and discussed in class. This assignment is worth 45 points. You will receive feedback from the instructor on your literature review spreadsheet. You can also contact SJSU's Library Liaison for the Psychology Department, Christa Bailey (christa.bailey@sjsu.edu). Here is a link Christa's Libguide: <http://libguides.sjsu.edu/psychology>

Proposal Update

You will submit a brief document to update your research proposal after completing the literature review spreadsheet. This document will include updates to your statement of the research problem and research question, information on the literature gaps, hypothesis, population of interest, independent and dependent variables, and a preview of your research design. This assignment is worth 12 points. You will receive feedback from the instructor on your proposal update.

Collaborative Institutional Training Initiative (CITI) Ethics Training

You will complete the "Faculty & Staff" version of the CITI online research ethics training course for social & behavioral science investigators: <http://www.sjsu.edu/research/irb/irb-researcher-training/index.html>. This is the same training course required to be completed by all principal investigators (i.e., lead researchers) at San José State University and most other research institutions. Completing the training is worth 10 points.

Institutional Review Board (IRB) Application & Consent Form

You will complete the San José State University IRB application and create the appropriate consent form for your proposed research project: <http://www.sjsu.edu/research/irb/irb-forms/index.html>. This assignment is worth 25 points. You will receive feedback from the instructor on your IRB application and consent form.

Research Proposal Presentation Initial Draft and Final Draft

You will give an in-class presentation of the research proposal you will be designing over the span of this course. We will discuss the assignment parameters in class via an example research project presentations. You will first turn in a draft of your presentation, then you will receive feedback on that draft and will be expected to incorporate edits based on that feedback into your final presentation. The presentation initial draft will be worth five points and the final draft will be worth 45 points.

Late RP Assignment Submission Policy

For each 24-hour period that you submit an assignment after the due date/time, I will subtract 25% off of your grade. No assignment will be accepted 72 hours after the due date/time. If you fail to turn in your Initial Proposal and/or Research Proposal Presentation Rough Draft within the parameters outlined in the “RP Assignments” and the “Late RP Assignment Submission Policy” sections of this syllabus, you will receive a zero on that assignment, but still must complete it in order to be eligible to turn in your Proposal Update and/or Research Proposal Presentation Final Draft.

Online Participation (OP) Assignments

You will complete eleven online participation assignments via Canvas submission, worth a total of 53 points (2-10 points each). You will only receive credit for an OP assignment if you submit your work on the assignment before the scheduled due date.

Online Participation Assignment Make-up Policy

If you have a legitimate reason for missing an OP assignment, you may be permitted to make up the online assignment. However, you will need to contact me as early as you can and let me know your legitimate reason for missing the assignment. If you miss the assignment due to an unanticipated reason, contact me as soon as you can to explain your reason for missing the assignment. If you don't contact me at least 24 hours after the assignment took place, you will not be allowed a make-up, regardless of whether you have a legitimate reason for missing it. Note that I may ask you to provide some of the legitimate reason you missed the assignment.

Extra Credit Opportunities

A total of ten extra credit points may be added to your final point total if you take advantage of the following opportunities. Ten points is a substantial amount (i.e., 5% of your final grade), ***but the points must be earned and are being made available to encourage specific learning behaviors.***

The first opportunity will be to earn seven points for submitting the Research Proposal (RP) assignments early. Specifically, you must submit every RP assignment two days early. For example, your **Initial Proposal** is due by 11:59pm on Friday (2/10), so you must turn it in before 11:59pm on Wednesday (2/8) for it to count as two days early. You can only earn the full seven points by submitting **ALL 7 RP assignments** early. You would earn 0.75 of a point for submitting each of the initial proposal, proposal update, presentation draft and final presentation early. You would earn a point for submitting each of the IRB application/consent form and the CITI certificate early. You would earn two points for submitting the literature review spreadsheet (LRS) early. These points are tiered if you do not complete all 7 RP assignments early (e.g., if you submit 4/4 RP assignments worth 0.75 extra credit points early, 1/2 RP assignment worth an extra credit point early, and don't get the LRS in early, you receive only 4 extra credit points). ***This opportunity is meant to encourage you to complete RP assignments early rather than procrastinate in completing your RP assignments.***

The second opportunity is to earn three points for submitting the Online Participation (OP) assignments by the posted deadlines (see schedule below for OP assignment deadlines). (**NOTE: there are no early deadlines for the OP assignments.**) You can only earn the full three points by submitting **ALL 11 OP assignments** on time (i.e., you earn 0.25 of a point for each OP assignment submitted on time, then an extra 0.25 of a point if you submit all 11 OP assignments). These points are tiered if you do not complete all 11 OP assignments on time

(i.e., if you submit 10/11 OP assignments on time, you receive 2.5 extra credit points, if you submit 9/11, you receive 2.25 points, etc.). *This opportunity is meant to encourage you to fully participate in our online course to learn as much of the material as you can.*

Grading Policy

Your grade will be based on the total amount of points (200 possible points) you receive from RP assignments (147 possible points) and OP assignments (53 possible points). Below is a breakdown of the amount of points needed to earn the specified letter grades. (**NOTE:** Individual quiz and assignment totals may change over the course of the semester causing a change in the total amount of points.) All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades. See University Policy F13-1 (<http://www.sjsu.edu/senate/docs/F13-1.pdf>) for more details.

200+ = A+ (100%)	185-199 = A (~93-99%)	179-184 = A- (~90-92%)	
175-178 = B+ (~88-89%)	165-174 = B (~83-87%)	159-164 = B- (~80-82%)	
155-158 = C+ (~78-79%)	145-154 = C (~73-77%)	139-144 = C- (~70-72%)	Less than 117 = F
135-138 = D+ (~68-69%)	125-134 = D (~63-67%)	120-124 = D- (~60-62%)	(~59% or less)

NOTE: I will NOT provide any student with an informal grade check at any point of the semester. The only grade checks to be provided are those accompanying official SJSU forms (e.g., athletics, Greek life, probation).

Study & Workspace Resources

SJSU has designated 21 available classrooms around the campus, for students to use for studying, attending online classes, collaborating with other students, etc. No reservations are required. The students can just go to the room, set themselves up, and start working. See the [Study Resources](#) page (find this page on the **Campus Resources** tab) on the [Learn Anywhere](#) site to find information about the study and work spaces on campus.

Links to University Policies

General Expectations, Rights and Responsibilities of the Student

Students are encouraged to familiarize themselves with SJSU's policies and practices via University Policy S90-5 (<http://www.sjsu.edu/senate/docs/S90-5.pdf>). More detailed information on a variety of related topics is also available in the SJSU catalog (<http://info.sjsu.edu/web-dbggen/narr/catalog/rec-12234.12506.html>).

Dropping and Adding

Students are responsible for understanding the policies and procedures about add/drop, grade forgiveness (<http://info.sjsu.edu/static/catalog/policies.html>). Add/drop deadlines can be found on the current academic year calendars document (http://www.sjsu.edu/provost/services/academic_calendars/). The Late Drop Policy is available at <http://www.sjsu.edu/aars/policies/latedrops/policy/>. Information about the latest changes and news is available at the Advising Hub at <http://www.sjsu.edu/advising/>.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7, <http://www.sjsu.edu/senate/docs/S12-7.pdf>, requires students to obtain instructor's permission to record any part of the course. **Therefore, neither recording of class lectures or discussions nor distribution of course materials are allowed. Failure to follow this policy will be considered a violation of**

course academic integrity policy and will result in immediate expulsion from the class, a grade of F in the course, and reporting the student to the University and proper authorities for further sanctions.

Academic integrity

The University Academic Integrity Policy S07-2 at <http://www.sjsu.edu/senate/docs/S07-2.pdf> requires you to be honest in all your academic course work. Faculty members are required to report all infractions to the office of Student Conduct and Ethical Development (<http://www.sjsu.edu/studentconduct/>). Depending on the severity of the conduct, you may receive a zero on the assignment or a grade of F in the course. Grade Forgiveness does not apply to courses for which the original grade was the result of a finding of academic dishonesty.

Campus Policy in Compliance with the American Disabilities Act

Presidential Directive 97-03 (http://www.sjsu.edu/president/docs/directives/PD_1997-03.pdf) requires that students with disabilities requesting accommodations must register with the Accessible Education Center (AEC) at <http://www.sjsu.edu/aec> to establish a record of their disability.

Accommodation to Students' Religious Holidays

According to University Policy S14-7 (<http://www.sjsu.edu/senate/docs/S14-7.pdf>), SJSU shall provide accommodation on any graded class work or activities for students wishing to observe religious holidays when such observances require students to be absent from class.
